

# NEW SaniDate READY-TO-USE

*Cleans, Sanitizes, and  
Deodorizes All in One!*

FROM THE MAKERS OF ZEROTOL, OXIDATE,  
AND GREENCLEAN, COMES A UNIQUE GREEN  
PRODUCT YOU CAN TRUST:

# SaniDate®

READY TO USE

**SaniDate Ready-To-Use** Activated Peroxide is an easy way to keep environments sanitized. SaniDate RTU's powerful chemistry kills 99.9% of common household bacteria, Staphylococcus (Staph) and Klebsiella, yet is environmentally responsible and leaves no chemical residues behind.

*“If your customers want a product that destroys serious germs,  
give them SaniDate Ready-To-Use.”*

SaniDate RTU has applications for both commercial and residential uses on hard, non-porous surfaces. SaniDate can be used anywhere that needs sanitizing such as:

- **Industrial & Commercial** (schools, gyms, businesses, kitchens)
- **Residential** (bathrooms, kitchens, backyard patios, basements, or anywhere around the house)
- **Animal Health** (veterinary, living quarters, dairies, equipment, tools)

SaniDate RTU is available in 32 fl oz spray bottles in a light, fresh scent or unscented formula.

## BENEFITS

- Chlorine Free
- Protect against infectious pathogens
- No rinsing required after application
